PROFILE SUMMARY

Enthusiastic and dedicated aspiring Frontend Developer with a strong foundation in HTML, CSS, and JavaScript. Eager to contribute creativity and problem-solving skills to a dynamic development team. Seeking an opportunity to apply my knowledge in building user-friendly and visually appealing web applications.

PROJECT

Project - 1

E-Commerce Website - Frontend Developer (HTML, CSS, React js , Netlify)

- Spearheaded the development of a responsive and visually appealing E-Commerce website using React.js and CSS.
- Implemented dynamic product listing and detail pages, enhancing user engagement and facilitating smooth navigation.
- Integrated state management with React Context API for efficient data handling and a seamless shopping experience.

Project - 2

Skycast- Weather-app

- Integrated a weather API to fetch real-time weather data, providing users with accurate and up-to-date information.
- Designed an intuitive and responsive user interface, allowing users to easily search for weather conditions in different locations.

SOFT SKILLS

1. **Communication:** Effective communication to facilitate collaboration and understanding.
2. **Teamwork:** Strong team player with a history of successful group contributions.
3. **Adaptability:** Quick to adjust and thrive in changing environments.
4. **Problem-Solving:** Proactive in identifying and resolving complex issues.
